## SUMMARY

BCA student at Dezyne E`cole College with specialization in computer application, motivated by enthusiasm for coding and relentless pursuit of technological advancements.

## SKILLS

- Java programming
- Database management
- Project management
- Self-directed
- Remote work adaptability
- Programming fundamentals
- Continuous learning
- Technology enthusiasm

## EXPERIENCE

Student, College Student , July 2024-June 2027

Ajmer, India

Led a 2-member team to develop Smart Campus AI Agent using n8n and Telegram bot, ranking among top contenders of 40+ teams.

- Created fully responsive Coffee House website with interactive menus and galleries utilizing HTML, CSS, and JavaScript.

Collaborated on group projects to enhance teamwork and communication skills.

- Promoted community engagement through volunteering at campus events.
- Participated in various campus events, including career fairs, lectures, and workshops.
- Managed time effectively to balance coursework and extracurricular activities.

## EDUCATION

BCA

Information Technology, Dezyne E`cole College, Ajmer Rajasthan Expected in June 2027

- Projects and Research:
- SmartCampusAI Agent
- Student Grades Manager

Training Programs:Scaler Java Mastery certification.

Bachelor of Computer Applications

Dezyne E`cole College, Ajmer Rajasthan Expected in June 2027

KEY ACHIEVEMENTS

I built a responsive coffee house website using HTML, CSS, and JavaScript, improving page load time by approximately 35% after optimization.

Co-led a two-person team in developing a smart campus AI agent during a 24-hour hackathon, earning top contender status among more than 40 entries.

TRAINING

Scaler [Java Course Mastering The Fundamentals], Certification

HOBBIES AND INTERESTS

- Competitive programming and algorithm challenges (LeetCode)
- Building full-stack web apps and AI chatbots as personal projects
- Writing technical blogs on Medium about hackathons and Java backend development
- Exploring new frameworks (Spring Boot, n8n) and database optimization (MySQL)
- Contributing to open-source GitHub repos

LANGUAGES

|                         |    |               |    |
