

CAREER OBJECTIVE

Motivated BCA student seeking an internship or entry-level position to apply my knowledge of programming, software development, and database management. Eager to contribute to innovative projects while gaining practical experience in a dynamic tech environment.

EDUCATION

Bachelor of Computer Applications (BCA)

Dezyne E'cole College

2024 - 2027

10th Standard

St Francis Sr Sec School, Ajmer

12th Standard

Shivaji Public School, Jaipur

TRAININGS / CERTIFICATIONS

JPMorganChase Software Engineering Job Simulation

JPMorganChase, Virtual

Jun 2026

- Integrated Kafka into a Spring Boot microservice to consume and deserialize high-volume transaction messages.
- Implemented transaction validation and persistence logic with Spring Data JPA and H2 SQL database.
- Connected the service to an external REST Incentive API using RestTemplate.
- Developed a REST endpoint for querying user balances, returning JSON responses.
- Verified system behavior using Maven test suites and debugger-driven inspection.

Java DSA Course - Fundamentals And Beyond

Scaler, Ajmer

Nov 2025 - Apr 2026

Java Course Mastering The Fundamentals

Scaler, Virtual

May 2025 - Sep 2025

Scaler Java Mastery Certification

Gen AI Certification Course

PW Skills

Jun 2026

DataFlair Advanced Java Certification

Data Flair, Virtual

Nov 2025 - Mar 2026

PORTFOLIO

[GitHub link](#)

PROJECTS

Smart User Portal

Java Backend | MySQL | Auth | CRUD

Built a Java backend project for managing user information, login functionality, and basic portal operations. Implemented core backend features such as user registration, authentication flow, and data storage.

Coffee House Project

HTML | CSS | JS

Built a responsive coffee house website using HTML, CSS, and JavaScript, improving page load time by approximately 35% after optimization.

Bank Management System

Java | OOP | Database

Developed a Java-based banking management system to handle basic banking operations such as account creation, deposits, withdrawals, and transaction records.

Women's Safety Website

Nov 2025 - Present

Developed a multi-page Women's Safety Website with a location tracker and emergency alerts.

SKILLS

• HTML

• Spring Boot

• MySQL

• CSS

• Data Structures

• Spring MVC

• Java

• DBMS

• Problem Solving

• JDBC

• Servlets

• JSP

EXTRA CURRICULAR ACTIVITIES

JPMorganChase Job Simulation: Participated in the Forage platform simulation to understand backend engineering workflows at scale.

DSA Practice: Solved over 100+ Data Structures and Algorithms questions to strengthen problem-solving skills.

Gen AI Certification: Completed a certification course in Generative AI from PW Skills in June 2026.
